ABOUT

Frontend Software Engineer with 5+ years of experience, specializing in building scalable, high-performance web applications with React and TypeScript. Experienced in developing complex interactive UI systems, including rich-text editors (CKEditor) and collaborative features, with a strong focus on user experience, performance, and maintainable architecture. Skilled in Next.js (SSR/SSG), modern state management, and designing reusable component systems.

EXPERIENCE

Full-stack Software Developer

08/2025 - 04/2026

GP Solutions DMCC · Dubai, UAE

- › Developed scalable frontend applications using React, TypeScript, and Next.js (SSR/SSG)
- › Led frontend architecture evolution: modular, component-driven design
- › Built complex UI flows for a multimodal transportation (MaaS) platform
- › Integrated REST APIs using RTK Query with async data caching
- › Applied performance practices: minimized re-renders, optimized data fetching
- › Implemented XSS/CSRF-aware security practices and safe token handling
- › Participated in code reviews, Agile sprints, and cross-functional collaboration

Software Developer

07/2024 - 08/2025

Wingform Inc. · Dubai, UAE

- › Built reusable React/TypeScript components using Feature-Sliced Design
- › Integrated and customized CKEditor 5: Track Changes, collaborative comments, role-based access
- › Refactored editor logic into custom React hooks for better lifecycle management
- › Built a custom guided tour system (Driver.js extension) with dynamic DOM injection
- › Designed the tour system as a reusable abstraction for complex onboarding flows
- › Collaborated with UI/UX designers to deliver user-friendly interfaces
- › Participated in code reviews and knowledge sharing

Software Developer / Team Lead (R&D)

12/2022 - 07/2024

TumoLabs · Yerevan, Armenia

- › Led a cross-functional R&D team delivering full-stack apps for external stakeholders
- › Full-stack development: Next.js + TypeScript (frontend), Node.js + TypeScript (backend)
- › Participated in product research, market analysis, and domain-specific requirements
- › Designed and implemented user-facing features and API integrations
- › Collaborated on UX/UI design and system architecture decisions
- › Practiced Agile collaboration, team coordination, and code reviews

Frontend Developer

03/2021 - 12/2022

Verstka Agency · Yerevan, Armenia

- › Developed responsive web interfaces using HTML, CSS, JavaScript, and React
- › Translated Figma mockups into production-ready frontend code
- › Worked on multiple client projects: landing pages and web applications
- › Ensured cross-browser compatibility, performance, and responsive design
- › Improved loading times and frontend application performance
- › Collaborated with designers and backend developers on complete solutions
- › Maintained and refactored existing codebases for better readability

EDUCATION

Full-stack Software Developer

2022 – 2024

[Rolling Scopes School](#)

JavaScript, TypeScript, React, Next.js, Node.js, NestJS, Prisma, Fastify, PostgreSQL, AWS Cloud, GCP

Master's Degree in Logistics

2005 – 2008

[Moscow State Academy of Water Transport](#)

Organization of carriages and management on water transport

Bachelor Degree in Logistics

2000 – 2003

[Maritime State University named after G.I. Nevelskoi](#)

Organization of carriages and management on water transport

SKILLS

TypeScript

React

Angular

Next.js

Redux Toolkit

Tailwind CSS

Node.js

NestJS

Fastify

PostgreSQL

Prisma

Supabase

Strapi

Docker

AWS

Git

Figma

OpenAI

Claude

LANGUAGES

English (B2/C1)

Russian (Native)

Armenian (Beginner)
